ELEVATE TECHNOLOGY

ELEVATEVAULT

REDUCED HARDWARE
Hardware costs are reduced as there is no need for external HDDs or a management server.

MANAGED VIA THE CLOUD
No need for a management/backup server, its all managed via the cloud.

MULTI-PLATFORM
Completely universal with any operating system and hardware.

SCALABLE & REDUNDANT
Multiple datacentres ensure redundancy and the ability to scale with your business.

SPEEDVAULT
Local backup for additional redundancy and faster restores.

ENCRYPTION
Completely encrypted during the transfer and in the datacenter.

OFFSITE
Backups are transferred offsite in real-time without the need for human intervention.

VISIBILITY
Real-time alerts, in-depth reporting and cloud management allows complete visibility on all backup activities

REDUCED LABOUR
Save yearly on labour costs required to maintain and ensure the backups are working perfectly.

FULL BACKUP HISTORY
Full Backup history with more than 28 days of working recovery points.
